The Obstetrics and Gynaecology Clinic
Narrabri Project

At a recent meeting, the Obstetrics and Gynaecology Clinic, Narrabri, was presented with the opportunity to be the first in the region to offer a dedicated service for women and children. The clinic is currently in the process of being established and is expected to be operational by the end of 2024.

The clinic will offer a range of services, including antenatal care, obstetric care, and gynaecological services. It will also offer a dedicated service for women and children, including a dedicated waiting area and a dedicated staff member.

The clinic is a significant investment in the health and wellbeing of the community and is expected to have a positive impact on the lives of many women and children.
